

The Elba Clipper

VOLUME 76

ELBA, ALABAMA 36323 THURSDAY, JUNE 6, 1974

1 SECTION, 12 PAGES

NUMBER 45

GRANTHAM, HOLLEY WIN TUESDAY

GRANTHAM

HOLLEY

Coffee County voters turned out almost as strong Tuesday as they did in the first primary, May 4th. Votes cast in the most popular race on May 4th totaled 224 cast in the sheriff's race. Tuesday the Lt. Governor's race apparently was the compelling factor with 886 votes cast. The sheriff's race was close behind with 850 votes.

Coffee County and Elba voters voted with the winners right down the line in statewide and district elections.

Official returns released by Jackson W. Stokes, chairman of the Coffee County Democratic Executive Committee revealed the following results: Neil Grantham, of Elba, defeated incumbent Sheriff Ralph Sparks by a vote of 446 to 434. Grantham was in the race four years ago and barely

missed the run-off. He openly supported Sparks in the run-off and later was named Chief Deputy, a post he held until early this year when he resigned to run for the number one job. He let Sparks in the first primary by a few votes in a field of six candidates and when the final vote was tallied, won the Democratic nomination by 132 votes.

Jimmy W. Holley defeated incumbent State Representative Douglas Easters in the run-off, coming from behind in the first primary. This district included Beat 6 in Covington County, all of Coffee County except the upper part which is now a stepchild of Pike County. Holley carried the Covington County seat in both elections. In Tuesday's election Holley picked up 369 votes from the first primary

while Easters picked up 14. There were actually more votes cast in this race the second time around. Holley carried Beat 14 in Covington County by a vote of 81 to 25 in unofficial returns.

Coffee County voters officially gave Jere Beasley 5463 votes to Charles Woods 3353. Bettye Fink gathered 4572 while Martha Adams got 3043. McMillan Lane will remain in the office he was appointed to by Governor Wallace with the blessing of Coffee County. Lane received 5622 while Todd got only 2562. This gave the Commissioner of Agriculture the highest vote of any candidate in Coffee County.

Twenty-six year old Jim Zeigler defeated incumbent C. C. (Jack) Owen for a seat on the Public Service Commission by a vote of 5050 to 2758. Zeigler campaigned against high utility rates.

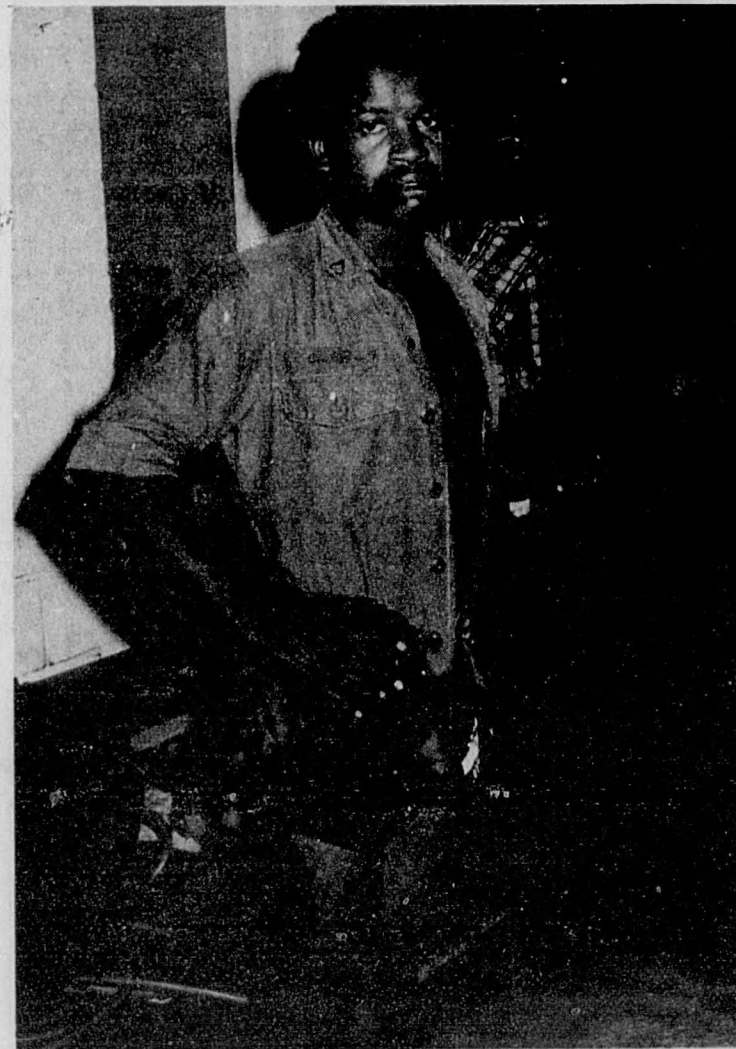

T. Dudley Perry of Tuskegee defeated incumbent Senator L. L. (Dago) Dozier for the State Senate District 29. This includes the upper part of Coffee County. Coffee County voters voted 680 for Perry and 312 for Dozier. Dozier told this newspaper early in the campaign he was going to lose Coffee County due to strong feelings in the rural areas against the unit system bill that passed the legislature during his term. Representative Douglas Easters was author of this bill and it is felt by "experts" this played a part in his defeat also.

Nursing Home Residents Vote

MRS. LORENE BRYAN helps Reverend J. E. Plant cast his absentee ballot for last Tuesday's election. Plant and 12 other residents of the Elba Nursing Home voted absentee ballots for the election.

Pool Closed Until New Rules Set

4 YEAR OLD YOUTH DROWNS IN MULBERRY POOL LATE SATURDAY

Vernon Culver pictured shortly after pulling the youngster from the pool.

Michael Wayne Ware, age 4, drowned Saturday in the Mulberry Heights pool. He was the son of Mr. and Mrs. Bobby Ware of Elba.

The youngster was last seen at a neighbor's home about 5 p.m. It is estimated by family members and law officers that he drowned sometime between 5 and 7 p.m. His body was recovered from the pool about 9:30 p.m.

A neighborhood search had failed to find the youth and then

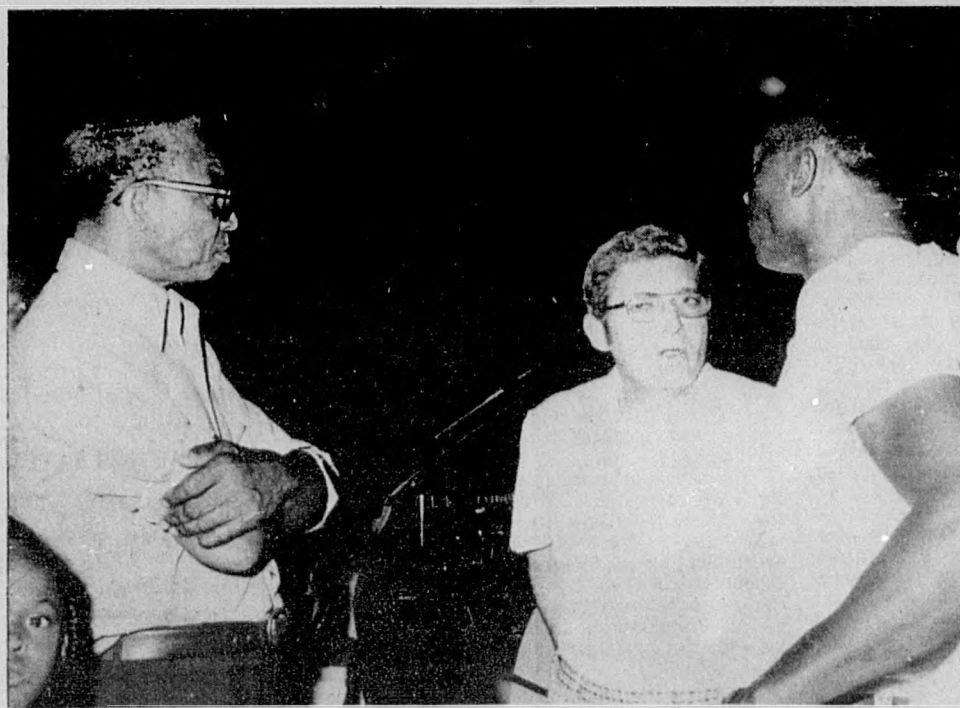

the search centered on the swimming pool and a portable light was used along with several teenage boys diving into the water searching the bottom.

In a corner at the deep end of the pool, searchers thought they saw something in the water, a diver touched something and then Vernon Culver dove down and brought up the ball up body of young Michael Wayne from the bottom of the pool.

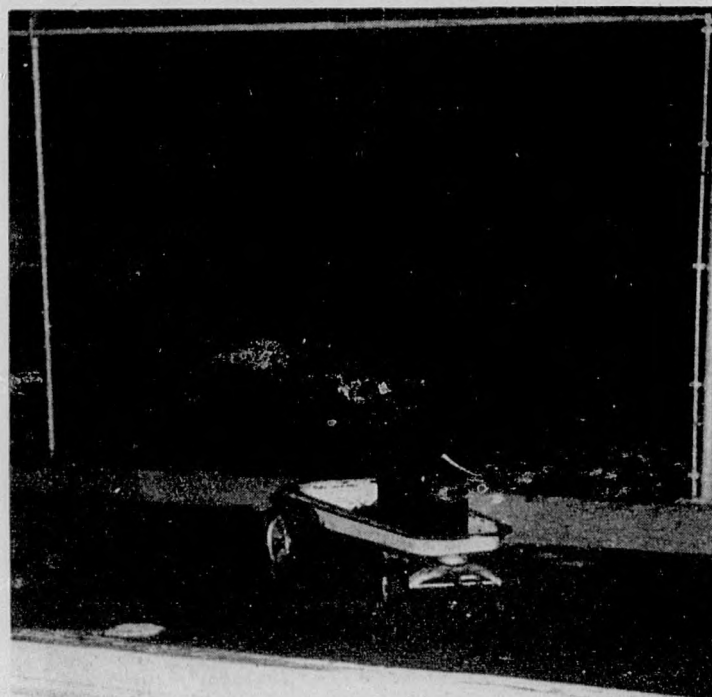

It has been impossible to

determine when or how he drowned since no one saw him in or near the pool Saturday afternoon. The last time he was seen was at a ballgame on a nearby ballfield.

Elba's Assistant Police Chief, Max Rayburn and Patrolman Ernest Tyson worked with the youth attempting to revive him until the Elba Rescue Squad arrived and rushed him to the local hospital where he was pronounced dead.

Bishop W. T. Harris, left, and Kenneth Ware, pool manager and uncle of the drowned youngster, discuss the pool situation with Elba Mayor Owen Ziglar, Saturday night following the drowning accident.

Were drowned in this corner of the pool. The portable light is still on the toy wagon after its use in the search.

Sport Camp Set In July At College

A summer sports camp for boys and girls are eight and above featuring swimming, tennis, and basketball has been scheduled at Enterprise State Junior College beginning July 10, 1974. Larry Nave, chairman of the physical education division, announced this week.

Nave said that three eight-day sessions have been planned to give everyone an opportunity to participate. Session I, for boys and girls ages 8 through 11, begins Wednesday, July 10 and runs through July 19. Session II, ages 12-15, meets July 24 through August 2; and Session III, over 15, meets from August 7 through August 16.

Boys and girls will be able to schedule one or two activities each day during each session. Both may take swimming and/or tennis, but only boys have a basketball option.

During each session, boys swimming and girls tennis will meet from 9 a.m. till 12 noon; and boys basketball and tennis and girls swimming will meet during the afternoon from 1 to 4 p.m.

Nave said a maximum of 20 students will be enrolled in each tennis and swimming class and a maximum of 30 in the basketball classes. Fee for each activity is \$20 per person.

The summer sports camp has the approval of the Alabama High School Athletic Association and high school athletes may participate without endangering their eligibility for varsity sports.

Instructors for the summer program will be members of ESJC's physical education division. Dean Craig will teach tennis; Bob Smithson, swimming; and Sid Elliott, basketball.

Deadlines for registration are July 3 for Session I, July 17 for Session II, and July 31 for Session III. Participants will be registered on a "first come" basis until the class limit has been reached. Registration forms and additional information may be obtained from Jim Key, Evening Division director, or the Registrar, Enterprise State Junior College, 347-2623.

Driving Test Ends In Accident

Friday morning, May 31st, a one car accident occurred at the corner of Buford and Factory Streets.

Mr. Augustus Josh Daughtry, age 69, of Samson was the driver of the 1967 Chevrolet involved in the accident. Mr. Daughtry had borrowed the car from its owner, Mrs. Bessie Spivey of Elba and was in the process of taking the driver's test when the accident occurred.

State Trooper, Marvett

Holmes had instructed Mr. Daughtry to parallel park in a space behind the W. H. Taylor residence. Daughtry apparently pulled the car in drive rather than reverse and when he applied the gas, he got excited and went across both lanes of the street barely missing a truck driven by "Bus" Hawkins and ran into the vacant building between Bar-K Western Wear and Taylor Parts. The car then

swerved to the right and after crushing a garbage can and running into paper racks lodged between a parking meter and Taylor Parts building. Pete Daughtry of the Elba Police Department investigated the accident. The damage to the automobile was estimated at approximately \$800. There was major property damage.

No one was injured in the accident.

Lads To Leaders Speak In Montgomery

The Elba Church of Christ Lads to Leaders spoke at the Millbrook Church of Christ in Montgomery this past Sunday, June 1.

Their subjects were the Apostles and Samuel Speakers included: Lawrence Gummels, Eldridge Gummels, Erwin Gummels, Phillip Smith, Perry Fuller and Paul Jackson.

Swimming Lessons Set

Swimming lessons will start June 11 at the Pea River Pool. All people in the 1st, 2nd, and 3rd grades of school year 1973-74 will be taken first. Registration will be June 6th, 7th, 8th and 9th at the pool.

Elba Youth Killed In Andalusia

Ball had not been set late Tuesday for a man being held in the fatal shooting of his nephew by marriage.

A spokesman in the office of Covington County Sheriff Elie Harrell said Fred Foster was picked up immediately after the shooting of 17 year old Tommy May, of Elba, shortly after 12:30 a.m. Monday in Andalusia.

The shooting reportedly resulted from a "family dispute" and May was killed instantly with a small caliber pistol. District Attorney Roger Prestwood had not set bail late Tuesday, and the spokesman said Foster would be held until bail was set and he could make bond.

Bloodmobile

Coming June 10

The West Coffee County Chapter of the American Red Cross Bloodmobile will be in Elba, Monday, June 10th at the Elba First Baptist Church. The hours of the bloodmobile will be from 10 a.m. to 4 p.m. All able persons are urged to donate.

JUNE

POOR ORIGINAL

BRAINSTORMS

With Fern Cox

The folks at Elba General Hospital now are officially using MAST. When they used it last week it was unofficial. You know how it is with the government, everyone must be "oriented" before anything is done, well last Friday afternoon our Elba folks got the word.

We have never had an election in Coffee County get as hot as the Sheriff's race in Shelby County got this year. The incumbent was arrested his run-off opponent and saying it was part of a plan to kill him (the Sheriff). Well that backfired and I wager that if he was in even a little bit of trouble before he lost the election Tuesday. He also grabbed up two newspaper reporters and his Probate Judge, who is a man of statewide status and knows more efficient ways of doing things rather than paying someone to kill.

I went to the polls again Tuesday and cast my vote. I have never been able to get all my favorites elected but each election I cast my vote and then feel free to grumble for the next four years. If you don't vote, don't waste my time complaining about those elected. However, if you do vote, feel free to join with me in commenting or condemning those elected, whichever the case may be.

I watched with a certain amount of pleasure last week as Arkansas voters cast their ballots to bring home long time Senator William Fulbright. It seems that Bumpers (the man elected) is a clean, clear country boy who has promised to do something for Arkansas and let the world look after itself. Fulbright was right in the middle of all the world problems and according to folks in Arkansas, did nothing for his home state. Goodbye Mr. Fulbright.

The costly open battle between the newspapers in Enterprise is apparently over. Last week it was announced that Terry Everett of *The Enterprise* was now publisher of the *Daily Ledger*. The *Ledger* has had four or five publishers since Hedger and I purchased *The Elba Clipper*. The *Enterprise* (which was 5 or 6 years old) no longer exists. The two companies have been losing money by the basketful as anyone in newspaper circles could readily see, now maybe the new company can put out a good paper and make some money at the same time. In a joint statement announcing the merger, the two publishers said, "It is a well known fact, in newspaper circles, that competing newspapers in areas our size can do no adequate job of news coverage or provide the advertising services that should be available to advertisers." Pat Smith, who has been publisher of the *Ledger* since October is moving to Missouri to become publisher of a large daily paper there. We salute the newly merged papers and offer any help we are capable of supplying at any time.

The problems at and around the teen center have not decreased at all in spite of our efforts. Those few who have been responsible for these problems are going to cause problems for everyone—maybe even the closing of the teen center? Now wouldn't you rascals feel cute then?

MRS. IDELL SMITH, of Elba, is pictured with her 7 1/2 pound catfish caught Saturday morning.

Inflation Rated Worse Than Energy Crisis

Worldwide inflation in 1974 may present a greater danger in slowing economic growth than the shortage of energy according to the First National City Bank of New York.

Throughout the world, inflation is slowing the growth of real money stocks to the point where businesses and households may respond by reducing expenditures. Citibank economists warned in a recent issue of the bank's economic letter.

To prevent inflation from

SOLVING AMERICA'S PROBLEMS TAKES PRECEDENCE OVER FOREIGN AID GIVEAWAY EFFORTS

SENATOR JIM ALLEN

Late last month I joined other fiscally conservative Senators in opposition to another raid on the Federal Treasury. This time a \$1.5 billion giveaway to the International Development Association.

Since this Association was formed in 1960, it has received a little over \$4 billion, of which almost \$2 billion came from the United States Treasury. Now the IDA is asking that the American taxpayers provide another \$1.5 billion. Although it is called a loan, in effect the United States would give this money for a 50 year period at less than 1 percent interest. The IDA turns around and lends this money to different governments throughout the world. These borrowing nations then make loans to their own people at anywhere from 12 to 20 percent interest. The more our government goes into the money market, the more it competes for the available money supply and the higher interest rates are going to be. This is a cause for grave concern by me because we know that the average American citizen is having a hard time trying to buy or build a home or even obtain the credit for such purposes because of the high interest rates that are being charged.

The record shows that 40 percent of all International Development Association funds

SENATOR SPARKMAN ANSWERS QUESTIONS FROM READERS

SENATOR JOHN SPARKMAN

DEAR SENATOR SPARKMAN: For the past two months I have had trouble dealing with the Veterans Administration getting a payment for college under the G. I. Bill. I made one telephone call to your office and within a few hours a member of your staff called me back to inform me that a check would be sent to me from VA within ten days. I thank you for your expedient handling of my case, but I wonder about all those other veterans who have not received their money yet. How long will it take for your staff to get to them? Can anything be done to speed up the Veterans Administration?

M. F., Tuscaloosa

SPARKMAN: Naturally, I was glad my staff could be helpful to inform me that a check would be sent to me from VA within ten days. I thank you for your expedient handling of my case, but I wonder about all those other veterans who have not received their money yet. How long will it take for your staff to get to them? Can anything be done to speed up the Veterans Administration?

DEAR SENATOR SPARKMAN: I would appreciate your letting me know what efforts are being made in the Congress to correct the error made by the Supreme Court when it ruled on the legality of state anti-abortion laws. I am particularly interested in what would happen if these proposals would pass? M. N., Tuscaloosa

SPARKMAN: There are two amendments pending in the Senate dealing with abortion. Senator William Randolph Hearst, of California, has introduced a bill, S. J. Res. 427, which would prohibit abortions in every case except when the life of the mother is endangered by pregnancy. Senator Helms' bill would prohibit abortions except when the life of the mother is endangered by pregnancy. On the House side, Congressman Birchurch of Virginia has introduced a measure, H. J. Res. 427, which would prohibit abortions except when the life of the mother is endangered by pregnancy. Without them, it would be almost impossible to continue school lunches at a cost which would enable all students

to participate. I trust we can count on your support for this worthwhile program. J. W., Alexandria

TWO WAYS TO USE ENERGY

TO HAVE OR TO HAVE NOT

All around us we hear "save a watt" or "slow down and conserve gas." Now honestly, how many of us are really paying any attention to those messages?

Perhaps our favorite station has run out of gas, but there's usually another few blocks away. But how much longer can we be sure it won't be in the same barren predicament?

We all depend on some form of energy every day of our lives. Whether we can continue to have enough to supply our future needs depends very importantly on each one of us.

It is vital that we stretch out the supply of current energy sources while research on alternate sources is speeded. We must heed the energy-saving messages so that we can weather the coming crunch with a minimum of discomfort. Let's also prove that voluntary action really works. By this time we know that the heavy hand of government control is not the answer. It just ties up the economy in bureaucratic knots and raises more problems than it solves.

If we are to have enough energy to go around, we must begin using it like the precious commodity it is. To have or have not, the answer in large part is up to each one of us.

To Be Misunderstood

CONGRESSMAN BILL DICKINSON

So often if one makes a remark that is less than favorable toward the President, he is accused by some as being against the President.

Renown syndicated columnist William Randolph Hearst, in his May 5th column, expressed dismay at the lack of moral tone in the Watergate scandal. He said that the House will see fit to act on it without delay.

DEAR SENATOR SPARKMAN: I would appreciate your letting me know what efforts are being made in the Congress to correct the error made by the Supreme Court when it ruled on the legality of state anti-abortion laws. I am particularly interested in what would happen if these proposals would pass? M. N., Tuscaloosa

Wallace Boost

Saul Kohler, a Washington political writer, wrote a two-part article for national distribution on Gov. George C. Wallace and the coming presidential election.

He found the Wallace national campaign headquarters "no rube operation" and the Wallace threat "for real."

Kohler's reports were very favorable to the Wallace cause, and the two installments were displayed at the top of the front page of *The Birmingham News*.

Strike

In Sheffield, 200 members of the United Glass and Ceramic Workers Union went out on strike against King Stove & Range Co.

Port of Mobile

The Port of Mobile reported a record in volume of commerce for the year ended May 31, 1973, largely by increases in petroleum shipments.

Big Boost

It was announced that construction work on the proposed Alabama Power Co. nuclear electric generating plant astraddle the Elmore-Chilton County line would employ 6,500 with a WEEKLY payroll of \$1.5 million.

There was no estimate of the employment and payroll for the first phase of production set for 1982, but it should be considerable in terms of high paid personnel.

Sparkman

There was a possibility that U.S. Sen. John Sparkman might become chairman of the powerful Senate Foreign Relations Committee, due to the primary defeat of the present chairman, Sen. J. William Fulbright of Arkansas.

If Sparkman accepts the new post he will have to give up his gavel on the Senate Banking, Housing and Urban Affairs Committee.

State troopers and Highway Department crews began enforcing the state's truck weight limit of 32,500 pounds after the State Supreme Court overruled a lower court's order raising the limit to 39,000 pounds.

Meanwhile, an association of "independent" truckers met with state officials to try to get the new limit changed.

In Montgomery, beautiful Tammy Hudson, 16, lost a months-long battle against a rare blood disease. Her courage had attracted statewide attention.

Empty Drama

Maxine B. Clardy of Rogersville in Lauderdale County, an unopposed candidate for the Republican State Executive Committee, showed a flair for dramatics.

Taking no chances with delivery of first aid under the Corrupt Practices Act by the U.S. Postal Service, Mrs. Clardy sent her report by United Parcel Service. But UPS won't deliver a letter; it requires a package of a certain size.

An empty box with a letter bearing Mrs. Clardy's disclosure attached to the top was delivered on time to the office of the Secretary of State.

A New Wave of hope, friendship, & optimism is spreading

Alabama Writer Tours Russia

EDITOR'S NOTE: Starr Smith is a Montgomery public relations consultant and writer. He has recently returned from a trip to Russia. This report was written exclusively for member newspapers of the Alabama Press Association.

After almost three weeks in Russia, it seems to me that a new wave of hope, friendship and optimism is spreading across that strange and fascinating land. From Leningrad in the north to Kiev in the Ukraine and in Moscow, capital of the Soviet Union, I talked with government officials, journalists, businessmen, editors, students, merchants, taxi drivers, bar-tenders and the man in the Russian streets.

While the essential mystery and motives of the Russian leaders still remain unclear, the past history of the Cold War have been replaced by the soft and benevolent winds of détente and, this spring, the people of Russia appear to be living better and more fruitful lives than at any time in their long and turbulent history. The country is at peace. There is no discernible tension. The faces on the street are little-revealing, perhaps stoical, but they are friendly and smiling to an American visitor who also smiles. The Russian borders are open. Tourists are everywhere. I personally talked with people from at least 30 countries and heard of the world, some tourists, some businessmen. The iron curtain has been lifted, ever so slightly, to foreign trade and commerce. From all indications, the Curtain will raise higher and especially toward the United States.

It is a fact that the world, some tourists, some businessmen. The iron curtain has been lifted, ever so slightly, to foreign trade and commerce. From all indications, the Curtain will raise higher and especially toward the United States.

SEC Athletic Directors Vote For Basketball Tourney To Decide Champ

Southeastern Conference Athletic directors and basketball coaches approved last week a proposal to stage a tournament for determining future basketball champions.

The proposal, which must be approved by the presidents of the SEC Universities, would take effect in March 1976.

The tournament plan would call for a 14-game regular inter-conference season, which would determine the seeds for the tournament.

The tournament would begin on the final Saturday of the season with the eighth-place team meeting the tenth-place team, and the seventh-place team meeting the ninth-place team.

The other six teams would draw opening round byes, and the following Monday night with games played on the home courts of the top four teams.

The pairing would have No. 1 facing the 4-10 winner, No. 4 vs. No. 6, No. 3 vs. No. 5, and No. 2 vs. the winner of the 7-3 games.

Teams surviving that action would then go to a neutral site for the semi-finals and finals the following Friday and Saturday.

The presidents will meet in Birmingham on Dec. 1 to take action on the proposal.

Tide Golf Team Invited To NCAA

The University of Alabama golf team has been invited to participate in the NCAA national championships at San Diego, Calif. June 19-22.

"This is a great honor for our team and for the University," says Tide coach Conrad Bohling.

Alabama led the SEC championship after the first day, but fell off to a tie for fourth place.

Coach Bohling is unsure of his six-man squad but is sure about four of the players: Jerry Pate, Allan Pate, Tony Hollifield and Rick Korbowski will definitely be on the team.

The Tide at one time was ranked fourth nationally in golf, but fell to 14th at seasons end.

SOFTBALL TOURNAMENT PLANNED

The third annual Dobb's Baroque Children's Charity Softball Classic will be held this year June 21-23.

Entry fee will be \$35 plus one new ball per game, and all proceeds will go to retarded children.

Trophies to be awarded will go to the top five teams, team sportsmanship, all tournament, most individual home-runs and most valuable player.

Any team interested should contact Bubba Johnson at 792-1000 or 792-0558, or Lee Dobbs at 792-5207 or 794-5195.

Andy Bean Wins Falstaff Amateur

Andy Bean, U. of Florida golfer, fired a two-under par 70 Saturday to capture the fifth annual Falstaff Amateur Classic.

Bean opened a six-stroke lead in the final round, but saw his lead dwindle to only one shot with one hole left.

Florida teammate Gary Koch put on a charge. On the final hole Bean bunkered his second shot 30 feet from the hole. But Bean blasted a drive within 1 1/2 feet on the cup, and made his par, while Koch's birdie aid off.

Beans four-round total was 277, 11-under par. Koch finished second at 278, while U. of Alabama golfer, Jerry Pate finished third at 283.

JOHN DREW PICKED UP NBA DRAFT

John Drew, stand-out forward at Gardner-Webb College in North Carolina, was picked in the second round of the National Basketball Association draft last week. Drew was drafted by the Atlanta Hawks.

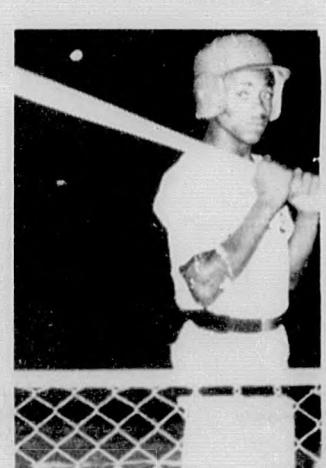

Drew played high school basketball at J. F. Shields High School in Beaufort, Alabama. In 1971 Drew led his high school team to the Class 2A State Championship and was voted the tourney's most valuable player. While playing high school ball John mastered over 40 points per game and is hitting over 20 points per game at college.

Although Drew is only a junior in college, he was granted hardship standing by the NBA, which made him eligible for the draft.

SEC Stars Picked In NBA Draft

Six basketball players from the Southeastern Conference were selected in the NBA draft last week.

The players selected were: Ed Puhlinckas, LSU, by Atlanta; Len Kosmalaki, Tennessee, by Kansas City-Omaha; Collis Temple, LSU, by Phoenix; Jan van Breda Kolff, Vanderbilt, by Portland; Terry Compton, Vanderbilt, by Philadelphia; and Bill Ligon, Vanderbilt, by Chicago.

JOHN DREW PICKED UP NBA DRAFT

1st Babe Ruth Player of the Week

The Babe Ruth League's first player of the week for last week was Terry Barnes. Terry was selected player of the week for the week of May 20-24.

During the week Terry displayed excellent baseball skills at the plate, and on the mound. Battling Terry went 2-6 to claim a .333 batting average. One of Terry's hits was a mammoth home-run, the first of the year. Terry pitched a five-hitter and struck out seven batters as he led the Dodgers to a 6-5 win over the Reds.

One of Terry's hits was a mammoth home-run, the first of the year. Terry pitched a five-hitter and struck out seven batters as he led the Dodgers to a 6-5 win over the Reds.

Dixie Youth Player of the Week

The Dixie Youth League player of the week for last week was Dennis Smith.

In the Cardinals two games last week Dennis led the team to two victories as the Cards upset their record to 8-4, only one game behind the league leaders.

For the week Dennis went 4-6 batting to top his seasonal average to .500. Three of Dennis' hits went for doubles. In the 12 games the Cardinals have played this season, Smith has hit safely in 11.

Dennis is the son of Mr. and Mrs. Manuel Smith of Elba.

We would like to express our appreciation for the sympathy and kindness shown during our time of grief.

We would especially like to thank you for the food and flowers.

The Zeffen Flowers Family

ROADSIDE MILEPOSTS

The small green and white signs which have been appearing along Alabama roadways are mileposts. Highway Director Ray D. Bass said.

Bass said the signs are used by the Highway Department to locate work areas and by law enforcement officials to direct emergency help to the scene of an accident, or for use in accident reports.

The signs, Bass said, begin at the west and south boundaries of the State and measure the mileage of the roadways as they extend eastward and northward.

An Evening Of Dance, 1974

The Dorothy Rainer Sellers School of Dance will present "An Evening of Dance, 1974," Thursday and Friday evenings, June 13 and 14, at the Opp High School Auditorium, at 8:30 o'clock.

Over one hundred students will participate in this extravaganza performance, the twenty-first annual production of the Dorothy Rainer Sellers School of Dance.

For this production, a glittering backdrop will create an impression of New York City and simple props will represent some of the familiar places in the city. For the dance students who have traveled with Mrs. Sellers on Group Study-Tours to New

York, and for those who look forward to the 1975 trip, this theme has a special interest.

The program of dances includes a variety of ballet, folk, tap, and children's dances. Three new ballets are being choreographed by Mrs. Sellers: "The Nutcracker," "The Swan Lake," and "The Sleeping Beauty."

Students performing in "An Evening of Dance, 1974" are from six to eighteen years old and come from ten Alabama and Florida towns.

Pre-ballet students are rehearsing in "Children's Games" and "Carousels." The "Austrian Peasant Dances" by Schönerer have been chosen for the 1974 character ballet.

Featured tap dancers are the Flot-A-Rockettes, performing Dorothy Sellers' original choreography. The tap dancers are from the Flot-A-Rockettes, performing Dorothy Sellers' original choreography.

Students performing in "An Evening of Dance, 1974" are from six to eighteen years old and come from ten Alabama and Florida towns.

Miss Sexton, To Marry

Mr. and Mrs. L. T. Sexton, of Elba, announce the engagement and forthcoming marriage of their daughter, Joyce, to Mr. Tommy Harold Williams, son of Mr. and Mrs. Fletcher Williams, also of Elba.

Miss Sexton's maternal grandparents were the late Mr. and Mrs. John L. Akrigg. Her paternal grandparents are Mrs. Perry Sexton of Ozark and the late Tom Sexton.

The wedding will take place on June 28th at the Westside Baptist Church at seven o'clock in the evening.

No formal invitations are being sent but all friends and relatives are invited to attend the ceremony and reception to follow in the church social hall.

Following the wedding the couple will reside in Elba where the groom is employed.

Miss Marler Feted With Bridal Luncheon

Miss Carolyn Marler, bride-elect of Tom Marler, was fêted with a luncheon, May 25, in a Montgomery restaurant. Hostess for the occasion was Mrs. W. J. Rogers, Miss Corine Rogers, of Marion, and Mrs. J. C. Bullington of Auburn, maternal aunts of the groom.

Guests were the honoree; Mrs. Carolyn Marler, mother of the bride-to-be; Mrs. Harris Moates, mother of the groom-elect; Mr. Maude Gentry and Mrs. F. I. Seymour, of Elba, grandmothers of the honoree; Mrs. Joe Rogers of Marion; Mrs. J. C. Bullington of Auburn; Mrs. Jim Whitley, Birmingham; Mrs. Denver Walker, Clinton; Miss Sherry Marler and Mrs. Ken Hall of Elba; Miss Michelle Miller and Mrs. Wallace Miller of Enterprise.

Miss Marler was presented a gift of silver by the hostesses.

Her headpiece was of camel design with alençon lace and seed pearls attached to a floor-length imported illusion. She carried a bouquet of spring flowers, centered with an orchid.

Miss Doretta Nelson, sister of the groom, was Maid of Honor. Her gown was an A-line design with an emulating waist, made of pink organza. Sylvia Nunez served her as bridesmaid. She wore a white and pink organza dress.

Attending as flower girl was little Susan Nelson and ringbearer was her brother, Steve Nelson, both cousins of the groom.

The groom's father served as best man. Attendants were Paul Nelson, brother of the groom and James Johnson.

The altar was decorated with a basket of gladioli, with management and the son of Mr. O'Neil McBride of Elba, and Miss Vickie Smith, a junior mental retardation major from Elba and the daughter of Mrs. Neema Smith.

The bride's mother wore a yellow tulle dress, and carried an orchid corsage. The groom's mother was dressed in a lavender ensemble and also carried an orchid.

The bride's grandmother, Mrs. G. B. Thompson, aunt, Mrs. Agatha Sawyer and a cousin, Samantha Sawyer, all of Nassau, were present for the wedding. Her uncle, Mr. Raymond Thompson, originally from Nassau and now of Miami, Florida also attended.

A reception was held in the Social Hall of the church. The couple will make their home on Smith Avenue in Elba.

Nunez-Nelson Vows Exchanged

Miss Marcia Nunez and Mr. Wayne Nelson were united in marriage on Saturday, June 1, 1974 at 7 o'clock in the evening from the Woodland Grove Baptist Church. Reverend Kenneth English performed the ceremony.

Miss Nunez is the daughter of Mr. and Mrs. Pedro Nunez of Route 1, Elba. Mr. Nelson is the son of Mr. and Mrs. Hayward Nelson of Elba.

Music was provided by Betty Shepard at the piano accompanying Lanny Shepard who sang, "Oh, Perfect Love," and "The Lord's Prayer."

The bride, given in marriage by her father, wore a gown of satin peau featuring an A-line skirt. The empire waist was made of alençon lace accented with long sleeves of lace and imported shadow.

Her headpiece was of camel design with alençon lace and seed pearls attached to a floor-length imported illusion. She carried a bouquet of spring flowers, centered with an orchid.

Miss Doretta Nelson, sister of the groom, was Maid of Honor. Her gown was an A-line design with an emulating waist, made of pink organza. Sylvia Nunez served her as bridesmaid. She wore a white and pink organza dress.

Elba Pilot Club Receives Its Charter On Saturday Night

The Elba Elementary School Cafeteria was converted into a green and gold banquet room for the Pilot Club of Elba to receive its Charter on Saturday, June 1, 1974.

The banquet tables were draped with gold tablecloths and accented with a green and gold color scheme. The decorations consisted of green Pilot wheels assembled between green candles and intertwined with ivy.

At the center table, a huge Pilot wheel was set in spray of yellow and white spring flowers with greenery. Silver candelabras stood at various centers of attractions.

Over one hundred Pilot club members and guests from Troy, Dothan, Daleville, Enterprise, and Elba attended the occasion as Mrs. Art Stivers presided over the program.

Mrs. John Asher and Mrs. Carrie Jacobs presided at the registration table, assisted by Mrs. Lamar Wilson and Mrs. Dozier Roberts.

Serving the candlelight dinner were Misses Dawn Wilson, Felicia Newton, Teresa Coon, Phyllis Brown, Cynthia Moore, and Leigh Beck.

Mrs. Romulus Ellis of Enterprise, the First Vice-President of Pilot International, was the speaker for the event and Mrs. George Perez, president of the club, presented the charter.

Mrs. James Kelley, Executive Chairman of the Pilot Club Enterprise, extended fellowship to the charter club with presentation of an engraved bronze luncheon bell and president's gavel.

The charter presentation was made by Mrs. M. D. Albright of Dothan, District Governor. Mrs. Earl Coles, District Executive Chairman, introduced other special guests including Mayor and Mrs. Owen Ziegler, Councilman and Mrs. Sam Sawyer, Councilman and Mrs. Virgil Coleman, Mr. and Mrs. Bonneau Rowe of the Lions Club, Mrs. W. M. Young of Montgomery, Mr. and Mrs. Robert Davis, all of Elba; a past president of the club, Mrs. Mac Moore, Vice-President of the Pilot Club of Elba presented the President, Mrs. Art Stivers, with a president's club pin on behalf of the charter members.

I am concerned over the low market prices that hogs are bringing now. All of these 4-H'ers have fed and taken care of their pigs for the past several months, and they are not going to make much money, if any.

Four-H'ers participating in the County and District Market Hog Shows are Jennifer Parker of New Hope, Tommy Holley of Kinston, Sherrie Wilks of Kinston, Troy Brown of Elba, Richie Brown of Elba, Donnie Parrish of Mt. Pleasant, Connie Parrish of Mt. Pleasant, Kay Parrish of Mt. Pleasant, Greg Mills of Elba, and Boyd Deal of Zion Chapel.

The public is invited to attend the show at 5:00 p.m. Thursday, June 6.

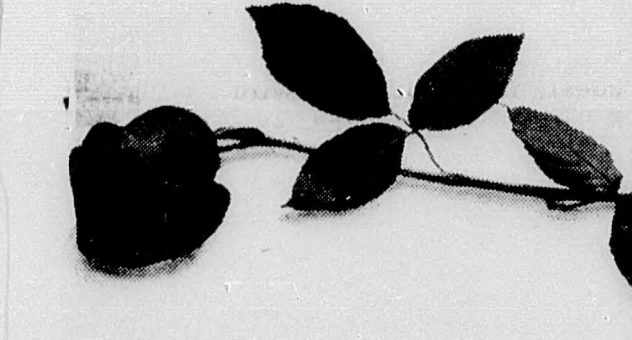

Pfc. Christopher Dickinson

HEROISM RECOGNIZED - Private First Class Christopher E. Dickinson, son of Congressman and Mrs. William L. Dickinson of Montgomery, was recently awarded the Soldier's Medal. It recognized his heroic action in saving the life of another enlisted man who was injured in April 1973 at Ft. Hood, Tex., as the result of a helicopter crash. The 25-year-old son of Alabama's congressman from the Second District is now stationed in Korea with the 3rd Battalion, 1st Field Artillery.

Several people in the county are growing sweet potatoes. The sweet potato weevil has always been a big problem to growers. Two percent Dieldrin dust dusted on the plants while they are still in the bed and then an application after they are set out and an application about two weeks before harvest will keep the sweet potato weevil under control.

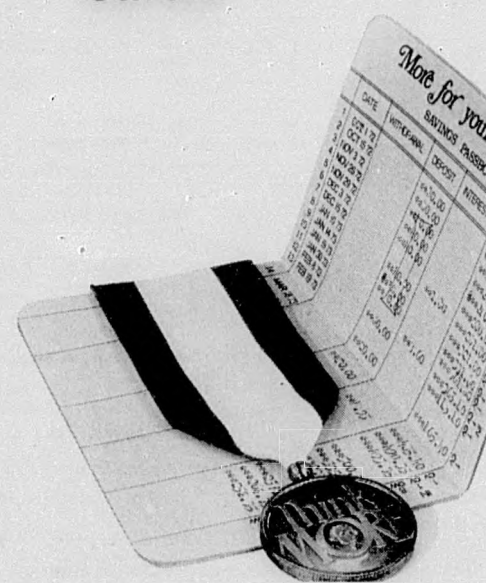

Phil Johnson, P. O. Box 244, Lockhart, Alabama, inspects sweet potatoes for the sweet potato weevil and other insects. Johnson works with the Plant Pest Control Division of the State Department of Agriculture. They have the responsibility for keeping a close check on the sweet potato weevil.

Most of the counties in southeast Alabama are under the sweet potato weevil quarantine, and potatoes that are

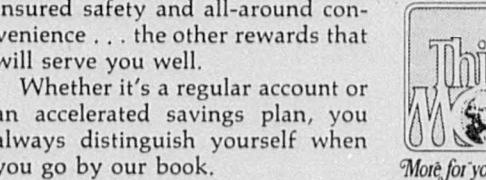

Florists flourish in the

BREADS

Bread is a generous gift of nature, a food that can be replaced by no other. When we feel sick, our appetite for bread deserts us last of all, and the moment we recover the appetite, we have shown a symptom of recovery. Bread is salubrious to every type of diet, and every temperature. It improves other foods and is the father of good and had digestion.

Breadmaking gives many creative satisfactions. Few homemaking skills produce more compliments or give a greater sense of accomplishment. For a venture into international foods, there is a wealth of distinctive foreign breads which help establish mood and menu, both quickly and satisfactorily. Breads can help make an ordinary family meal a festive occasion or transform a party into a gala affair.

However, before we take a look at various breads the world has to offer, it is necessary to become acquainted with the facts about yeast bread.

Flour, liquid - either milk or water - salt, and yeast are the essential ingredients necessary for making all kinds of yeast breads. Sugar and fat are also usually used, and eggs, fruits, nuts, and other flavorings are included in the fancier type of breads.

There are three types of yeast breads; namely, plain and fancy breads, plain and fancy rolls, and yeast-raised doughnuts. Plain breads are white, whole wheat, rye bread, and white fancy breads include raisin breads, coffee cakes, tea ring, cinnamon buns, and crumb cakes. Plain rolls are fancy rolls and are made as sweet yeast dough and maybe variously flavored yeast. Raised doughnuts are fried in deep hot fat, whereas the other yeast-raised products are baked.

The main purpose of yeast breads in the human diet is to supply energy through carbohydrates present in the product. They also supply important sources of protein, iron and the B Vitamin Thiamine, niacin, and riboflavin. Yeast breads have various uses. For example, at breakfast, buttered toast and margarine, hot rolls, and coffee cakes are yeast bread favorites. Then at lunch, hot fresh rolls add enjoyment to a salad; or sandwiches with a bowl of soup make a good cold-weather lunch, while at dinner plain bread or rolls are always acceptable. Yeast breads may also be used in the preparation of snacks, desserts, and party refreshments.

The history of bread began about 2600 B.C. in the fertile valleys of the Middle East. After the Egyptians discovered the secret of leaven and invented the oven, the Greeks improved the art and passed it on to the Romans. Soon the art of bread-making spread all over Europe. Since then, bread making has become a worldwide activity and most every country has developed a favorite bread for which it is known.

3/4 tsp. salt

NEWS from your PHARMACIST

Kris Scarborough

Long periods of bed rest are required to cure some illnesses. This means that someone has to be sure that the patient is comfortable during this period of convalescence. Here are a couple of helpful hints for caring the patient's stay in bed.

First, be sure to keep the bed as wrinkle-free as possible, and help the patient change positions as much as possible to avoid contracting bedsores. Secondly, keep heavy objects off the feet and lower legs. Do not place folded blankets across the feet of the patient. We can fill all of your pharmaceutical needs. Check your medicine cabinet. Replenish your home medical supplies now from our well-stocked shelves.

MEDICAL ARTS PHARMACY
Across from hospital
897-2511

1 cup uncooked old fashioned rolled oats
2 packages yeast
1/2 cup milk
1/2 cup water
1/4 cup margarine
1 egg (room temp.)
1/2 cup currants

Thoroughly mix 3/4 cup flour, sugar, salt, oats, and undissolved yeast. Combine milk, water, margarine in saucepan. Heat over low heat until liquid is warm. Gradually add yeast to dry ingredients and beat 2 minutes at medium speed of electric mixer. Add egg and 1/2 cup flour, or enough flour to make thick batter. Beat at high speed 2 minutes. Stir in additional flour to make a soft dough. Turn out onto lightly floured board. Knead in currants. Divide dough in half; roll each half into 8-inch circles. Place in 2 greased 8-inch cake pans with sharp knives, cut each circle into 8 wedges, cutting almost through to the bottom. Cover; let rise until doubled in bulk, about 30 minutes. Bake in moderate oven (375 degrees F.) about 20 minutes or until done. Remove from pans and cool on wire racks. These are perfect accompaniments to fried chicken, barbecued spare ribs, or roast beef.

CHALLAH (JEWISH EGG BRAID)

No Sabbath is complete without this egg-rich, fine-textured bread. It is served usually as two braids on a silver platter with a special fringed silk or satin Challah cover. The two breads are in honor of the Israelites, forefathers who wandered forty years and died each day on "bread from heaven."

Challah is always served after Yom Kippur, the Jewish Day of Atonement. This solemn day occurs ten days after the Jewish New Year and is a day of penitence, prayer,

and fasting. At the end of the day the fast is broken with light food, and then later there is a heavier meal of which this good bread is always a part.

Take 2 cups of bread dough after it has risen once. Put dough in large bowl and knead in rest of ingredients, working in well. Put in 2 buttered loaf pans and let rise until doubled. Bake at 350 degrees for 1 hour. While bread is still hot, drizzle 1 additional tablespoon of brandy, rum, or cognac over each loaf, letting it sink in hot places. Cool the loaves and glaze lightly.

NOTE: Sour milk or buttermilk may be used instead of cream. Add 1/2 tsp. soda with either.

2 cups golden raisins
1/4 cup brandy, rum, or cognac
2 1/2 cups flour
1 tsp. cinnamon
1/2 tsp. mace
1/2 tsp. nutmeg
1/2 tsp. salt

1 cup uncooked old fashioned rolled oats
2 packages yeast
1/2 cup milk
1/2 cup water
1/4 cup margarine
1 egg (room temp.)
1/2 cup currants

Thoroughly mix 3/4 cup flour, sugar, salt, oats, and undissolved yeast. Combine milk, water, margarine in saucepan. Heat over low heat until liquid is warm. Gradually add yeast to dry ingredients and beat 2 minutes at medium speed of electric mixer. Add egg and 1/2 cup flour, or enough flour to make thick batter. Beat at high speed 2 minutes. Stir in additional flour to make a soft dough. Turn out onto lightly floured board. Knead in currants. Divide dough in half; roll each half into 8-inch circles. Place in 2 greased 8-inch cake pans with sharp knives, cut each circle into 8 wedges, cutting almost through to the bottom. Cover; let rise until doubled in bulk, about 30 minutes. Bake in moderate oven (375 degrees F.) about 20 minutes or until done. Remove from pans and cool on wire racks. These are perfect accompaniments to fried chicken, barbecued spare ribs, or roast beef.

CHALLAH (JEWISH EGG BRAID)

No Sabbath is complete without this egg-rich, fine-textured bread. It is served usually as two braids on a silver platter with a special fringed silk or satin Challah cover. The two breads are in honor of the Israelites, forefathers who wandered forty years and died each day on "bread from heaven."

CHALLAH (JEWISH EGG BRAID)

30 Years Ago

June 1, 1944

Pfc. John G. Lee has qualified as marksman with the Carbine rifle and received the marksman medal. It was announced by the commanding officer, at Lawson Field, a base of the 1st Troop, Cavalry, 1st Armored Division, that Pfc. Lee has been a member of the Army Air Forces since his entrance on August 15, 1942. He is the son of Mr. and Mrs. Fountain Lee, of Elba, Route 5.

Mrs. Gussie Hutchinson, executive secretary, and Densby Lowery represented West Coffee County at the Junior Red Cross conference held at the Whitley Hotel in Montgomery the first of last week.

Mr. and Mrs. G. Mills White, of Auburn, announce the birth of a daughter on May 11, when they have named Alice Boyd White.

Mrs. W. D. Jacobs, of Phenix City, visited Mr. and Mrs. W. E. Jacobs in Elba recently. W. D. (Jack) Jacobs bought a beautiful Italian quilt which he gave to his "good" friends, Mrs. Jacobs and several other soldiers in Italy were examining and admiring when a German shell exploded in the vicinity.

Mr. John Sanders and daughter, Barbara, of Dothan, are guests this week of Mrs. Sara Carney and other relatives.

Mr. I. N. Heath has returned to Elba from a visit to relatives in Montgomery. When he arrived he had to get about on crutches on account of severe attack of rheumatism, arthritis or what-have-you, in his left foot.

After drinking Elba's famous artesian water for a few days, his foot is so greatly improved that he has discarded his crutches and is walking with hardly a limp.

20 Years Ago

June 3, 1954

Probably the most elaborate garden floral display in Elba is in front of and surrounding the home of Mr. and Mrs. Dove Johnson on West Simmons St. When Mr. Johnson was asked what kind of flowers were in the garden, he replied, "Every kind my wife can find or hear about." It is an amazing transformation, for a few years ago this lovely flower garden was occupied by the old Presbyterian church and its surroundings. Mr. Johnson said he does not do much work in the yard now and takes little credit for the beautification but said he did spend many a moonlight hour clearing up the premises after he purchased it.

Mrs. John Sanders and daughter, Barbara, of Dothan, are guests this week of Mrs. Sara Carney and other relatives.

Eat and Grow Younger

Nerves Need Good Diet to Fight Jitters and Jangles

By LELORD KORDEL

Number Twenty of a Series

Jittery nerves in a woman do not please a man, regardless of what youthful charms she may possess. Although a young girl, or a woman in her 20s or 30s, may get by without much poise and with nervous gestures that irritate the onlooker, the older she grows the more these undesirable nervous habits detract from the charm of a woman who wishes to retain an illusion of youth past her 40th birthday.

Healthy nerves are fully as necessary in a man. Yet I choose to address this chapter directly to women, although what I say to you holds equally good for the nervous system in past-40 male bodies.

A planned diet can give you the healthy nerves so vital to the charm and poise of a lovely woman. Notice, please, that I said a planned diet, and not a "starvation" diet. The nervous system that is starved of protein and fat has no stored energy to draw upon when it is called upon to function.

An indifferent diet, or starvation reducing diet that neglects protein and natural fats, is a diet designed to give you the unwelcome gift of jangled nerves.

DEPORTANT INFLUENCE Diet has a direct, and very important influence on your nerves and your disposition. Elimination of an important high-protein food from your diet, for no reason other than it has "too many calories," means depriving your body of several vitally necessary food elements.

To illustrate: the high protein and natural fat foods such as cheese, milk, meat, eggs, and seed cereals are also rich sources of thiamine (vitamin B-1). Known to nutritional science as the "nerve vitamin," it is the older you grow, the more ample quantities of this vitamin are necessary to your diet.

If your nervous symptoms indicate the need of extra thiamine in your diet, by all means use a thiamine concentrate, but under no circumstances neglect the food rich in the B-vitamin. Your body is unable to store large amounts of thiamine, so ample quantities of this vitamin must be supplied in the everyday diet.

We also have learned that when vitamin A is scarce enough in the diet to cause nutritional eye disorders, an accompanying symptom is a nervousness and

the person past 40. Since iron dissolves only in acid (the same as protein and calcium can only be digested by acid) — it is important to make sure that the hydrochloric acid in your stomach juices is strong enough to handle the iron in the food you eat. Any food containing acids, such as buttermilk, sour milk, yogurt, cottage cheese, citrus fruits, apples, and other tart fruits, aids the body in absorbing iron.

BLOOD BUILDERS The four foods in order, that produce for you the most hemoglobin are liver, kidney, apricots and egg yolk.

Meat contains lots of iron, yet not all of it is available for use in the body. For instance, your body can absorb no more than 50 percent of the iron contained in muscle meats such as lean beef and lamb; 70 percent of the iron in liver (in spite of the fact that liver produces more hemoglobin than any other known food); and 80 percent from heart.

This does not mean that meats are not excellent sources of iron, for they most certainly are. What it does mean is that you cannot count on assimilating all the iron contained in meats—even though the published food charts may make you feel very impressive to you!

To help you get more out of these "Grow Younger" articles, the list of minerals essential for "Better Eating Plan" which is free with any of our complete food charts, may help you to get the most out of your diet.

Next: Sleep is rest rejuvenator. Good sleep helps you sleep better. Why too much salt is unwise.

Elba Clipper Honored For Service

Both THE ELBA CLIPPER and THE DAILY LEDGER of Enterprise received special awards last week for outstanding service in supporting the Heart Fund during the recent campaign. Pictured receiving the awards are from left: Mrs. Suzanne Perez, DAILY LEDGER and Fernin Cox, ELBA CLIPPER. The framed awards were presented by Mrs. William B. Collier, co-chairman of the County Heart Fund.

New Books Now At Library

The Elba Public Library has received, from the Regional Library, a number of new books, both adult and juvenile. Mrs. Dowling said the Story Hour will feature many good and exciting stories and there are a number of new books to choose from the reading program. Admission is free and all youngsters in this age group are invited to attend.

"Bear Farm" Land Cost \$7.46 Acre Right Here

The government called it a Land Utilization Project, but the workers called it Bear Farm because they heard a rumor that the government was going to stock it with bears. The area being reforested is 32,251 acres of partly depleted land in the western part of Dale County and the eastern part of Coffee County. Or what is better known today as the northern half of Ft. Rucker, Al.

In 1935 the Federal Government created the Pea River Cooperative Land Utilization Area, buying the 32,251 acres of land from local land owners for \$7.46 per acre.

In an effort to alleviate unemployment during the Depression years, President Franklin D. Roosevelt's New Deal and the Works Progress Administration (WPA) hired workers in 1935 to transform the land into a wildlife reservation.

One of the larger projects completed by the WPA workers was a dam built across Clay Bank Creek at the southern corner of the reservation. This created a huge lake covering more than 1,000 acres. A great number of people came from up to 400 miles away to witness the dedication and participate in the naming contest.

Mrs. Fanny Hutchinson of Enterprise, Al., won the \$10 prize for her suggested name, Lake Tholocco. Legend has it that Tholocco was the Indian name for General Sam Dale, a pioneer and Indian fighter, after whom Dale County was named.

The lake became a recreational spot for local people from its dedication in the late 1930's until World War II began in 1941 when the reservation was transferred from the Department of Agriculture to the War Department. In turn, more acreage was purchased to make up what is now Ft. Rucker and they began building the installation.

Today the historical Lake Tholocco is a recreational spot for many outdoor activities. It provides swimming, fishing, boating and skiing and has picnic and party facilities.

The American Legion and the Women's Auxiliary will hold their regular meeting Thursday night, June 13 at the American Legion home on the Two Highway. All members are urged to attend.

A major event of the VICA meeting will be the U.S. Skill Olympics featuring competition in 22 trade and technical areas. Nearly 2,000 VICA members will take part, competing for recognition as the outstanding students nationally in their trade area.

First, second, and third place will be awarded in most of the 22 areas to both high school and post-secondary students, who will compete in separate events. The public is invited to watch some of the events, such as auto mechanics, bricklaying and carpentry, to be held in the San Antonio Assembly Center. Most contests will be held Tuesday, June 11 and will begin at 8:00 a.m. Most contest judges will represent the San Antonio industrial community.

The competing students have already won state honors for

VICA Students Compete Nationally

"Students Sharing - Students Caring" is the theme that will be demonstrated during the 3-day national meeting in San Antonio, Texas of the Vocational Industrial Clubs of America (VICA). Nearly 2,000 VICA members are expected to be in San Antonio from June 8-13.

VICA is the national organization for students in trade, industrial, technical, and health education programs. There are 200,000 members nationwide, in 48 states and territories.

A major event of the VICA meeting will be the U.S. Skill Olympics featuring competition in 22 trade and technical areas. Nearly 2,000 VICA members will take part, competing for recognition as the outstanding students nationally in their trade area.

Most contests will be held Tuesday, June 11 and will begin at 8:00 a.m. Most contest judges will represent the San Antonio industrial community.

The competing students have already won state honors for

their skills. State and national VICA competitive events are held annually to bring recognition to trade, industrial, technical and health students and to promote trade and technical excellence in a competitive situation.

Contests to be held include: air conditioning and refrigeration, architectural drafting, auto body, auto mechanics, bricklaying, carpentry, commercial art, cosmetology, dental assistant, electrical trades, electronics, troubleshooting, graphic communications, machine shop, mechanical drafting, metalworking, and welding.

During their 3-day meeting, VICA members will also compete for honors in club business procedure, displays, extemporaneous speaking, prepared speech, job interview, opening and closing ceremonies, demonstration and safety. POLICE CRACK DOWN ON OFFENDERS

The Elba Police Department, with the encouragement and blessings of the City Council, will begin strictly enforcing the law at the local recreation center. Police Chief Jack Smart also has the permission of the city fathers to publish the names of those charged with violating the laws at the recreation center.

Following the City Council meeting last Tuesday night, Chief Smart released the following statement:

For some time now the City of Elba has been working toward creating recreational facilities that can be enjoyed by all. Through Federal grants the City has been able to achieve a measure of success in this direction. Since these recreational facilities are primarily utilized by the youth of the City, the City has for some time tried to cooperate with the youth in regard to certain offenses, with reference specifically to alcoholic

beverages, profanity and destruction of property.

The City recognizes that this is a dry county and alcoholic beverages are prohibited. There are also laws governing profanity in public and destruction of property.

The City recognizes that there will always be some who feel compelled to consume alcoholic beverages, use profanity and destroy property for whatever reason. However, in dealing with these offenses in the past the City has been what many considered to be lenient. An effort has been made when arrests were made to counsel those (particularly youths) involved without full prosecution under the law.

It appears now that unless the law is enforced that the recreation facilities of the City will be ruined by a few. While the City does not wish to appear harsh, it nevertheless feels compelled to protect the majority of its youth as well as older citizens from the

disrupting effects of a few. The use of alcoholic beverage, profanity, and destruction of property has become so widespread that positive action must be taken.

Accordingly from this date the City will prosecute to the fullest extent under the law any and all charged with these offenses. Further in an effort to make parents aware of the problem a list of the disposition of cases made in the recreational areas will be published for the benefit that all may see the problem.

The City is most hopeful that those offenders who have created this problem will take heed and cease these activities with this warning.

Jack Smart
Chief of Police
Elba Police Department

SHOTGUN WAS TIED TO BEDPOST

Man Found Days After Shooting Death

About midnight last Saturday night relatives of Ezzy Robinson arrived at his home and found him dead of an apparent self-inflicted gunshot wound. He had been dead several days when discovered.

Robinson had been living alone for the past several months. Reportedly he and his wife were separated and she is living in Montgomery.

The home is on a farm on the right side of the Elba-Brantley highway, near the Crossbow County line.

Coroner Charles Hayes, III ruled that Robinson had tied the trigger of his shotgun to a bedpost and gripping the barrel, snatched the weapon, shooting himself in the chest, just to the left of his heart.

However, the coroner said the scene before the body was removed by a local funeral home.

A television set in the room was still found on when the body was found.

First reports reaching the Elba Police Department indicated the man had just shot himself and a unit of the Elba Rescue Squad rushed to the scene. However, when the rescue volunteers discovered the situation they returned to Elba after assisting investigating officers where necessary.

Among those investigating the shooting were Sheriff Sherry Hayes, Deputy Sheriffs Ray Norris and Dennis Hobbs, Highway Patrolman Ronnie Whitworth, Elba Policemen Hart, Armstrong and Ross. A representative of the State Toxicologist office also surveyed the scene before the body was removed by a local funeral home.
